What is a History Harvest?

- a project managed by the students and faculty of the UIS History Department
- a chance for you to have your political memorabilia digitized
- the basis of an evolving online catalog and exhibits about local history

Special guest: Illinois State Historian Samuel Wheeler, PhD, 11 am to 1 pm

Do I keep my memorabilia?

- Yes! Students will ask you about the items, create digital copies, and you will leave with your items
- And, you can visit the website at a later date to download high-resolution copies of your contribution

On display: items from the Mayor Nelson O. Howarth Papers and Kozielski Political Memorabilia Collection, courtesy of the UIS Archives
